

C. Brown & Sons (Steel) Ltd

Cochrane House — Pedmore Road — Dudley — DY2 0RL

ENVIRONMENTAL POLICY

Green issues are of growing concern to all who appreciate the impact modern living has on the environment. Each of us has responsibilities to minimise the potential harm our work causes to the environment and its effects on future generations.

C. Brown & Sons is committed to providing a quality service in a manner that ensures a safe and healthy workplace for employees and to minimise potential impact on the environment. We shall operate in compliance with all relevant environmental legislation and shall strive to use pollution prevention and environmental best practices in all that we do.

We shall:-

- Integrate the consideration of environmental concerns and impacts into all of our decision making and activities.
- Promote environmental awareness among our employees and encourage all to work in an environmentally responsible manner.
- Reduce waste through re-use and recycling and by sourcing recycled or re-furnished products and materials where these alternatives are available, economical and suitable.
- Promote efficient use of materials and resources throughout our facility, including water.
- Avoid unnecessary use of hazardous materials and products, seek substitutions when feasible and take all reasonable steps to protect health and the environment when such materials must be used, stored or disposed.
- Procure and utilise environmentally responsible products accordingly.
- When mandated by legislation or where significant health, safety or environmental hazards exist, develop and maintain appropriate emergency and spill response programs.
- Communicate the company's environmental commitment to stakeholders, including clients, suppliers, employees and the local community, and encourage all to support it.
- Strive to continuously improve our environmental performance and minimise the social impact of activities by periodically reviewing our environmental policy in light of our current and planned future operations.

This *Environmental Policy* compliments the company's *Health and Safety Policy*, which together aim to protect the health, safety and environment of and for our employees and all others affected by our operations.

All employees, in particular company management, are expected to familiarise themselves with the above initiatives and be committed to their achievement.

This policy aims to facilitate improvement in operational efficiency, prevent pollution and reduce costs, which will allow the company to be responsive to the needs and expectations of customers, suppliers, employees and the local community.

Approved on behalf of C. Brown & Sons (Steel) Ltd
